

**Descendant of infamous worldwide satanic leader becomes a born-again Christian and begins new life in Jesus at CTFM in Melbourne, Australia / By Pr Daniel**

Dear family & friends in Christ in Australia and around the World,

The following testimony is very exciting but very challenging. I wish to warn you that some things you read could be very disturbing, to the point that I had to call the Police. I will try my best to make it as brief as possible, although it's quite a long testimony, but well worth the time to read.

With great joy and yet with much concern we are releasing the exciting news that a descendant of an infamous worldwide satanic leader surrendered her life to Jesus on 20<sup>th</sup> November 2009 at the CTFM meeting in Melbourne (Hallam) as a direct result of the Spiritual Warfare Prayer Assignment on Mount Ainslie in Canberra, the capital city of Australia. This is the second extraordinary salvation of a Satanist coming to the Lord as a result of 'Taking the High Places for Jesus' through Spiritual Warfare Prayer on Mount Ainslie and 30 or so additional high places across Australia.

On 13<sup>th</sup> Nov 2009 at our regular CTFM meeting I noticed a young woman seated at the last row of seats in the church. She looked very rough, with bandages and plasters on her hand and face. She sat through the whole meeting and came up to challenge me at the end, but as I reached out to her she shouted, "Stay away from me, don't come close to me as there is a glow covering you." I told her to sit down along with another lady on my ministry team and we started talking to her. We had to sit 2-3 seats away from her because when we got close to her many demonic spirits started manifesting. Since it was already past 11pm at night, I did not want to get into a full-on battle of casting out demons and ministering deliverance to her at that time of night. However, she started to say something but could not say it. Rather some of the demonic spirits in her said, "What is it about you people, you are not scared of us. You have sent shockwaves throughout the satanic cults in Australia by going to Mount Ainslie. That's why I am here. You people have guts. They don't know what to do with you Pastor Danny." Then I asked her as to what happened to her face as there were fresh burn wounds and also why some of her fingers were missing. She then said that her fingers were cut off by the satanic cult over the past several years and that on 31 Oct 2009 on Halloween she was tied to a cross and burned with a blow torch up in the Dandenong Mountains in Victoria. After sharing this absolutely shocking information with us, she wanted to leave and said, "They will punish me tonight for not carrying out the assignment."

3 days later I found out that she was abducted that Friday night and stabbed several times by the satanic cult. On Friday the 20<sup>th</sup> of Nov 2009 she was scheduled to come to CTFM for prayer at around 7pm. That same day I got an email from one of the satanic cult members, warning me to back off from ministering to this young woman as she was their property and had to fulfil the prophecy on her life. They also told me that she was going to be attacked because she was coming to CTFM for prayer that night.

Later that evening (20<sup>th</sup> Nov 2009) she came to the CTFM base with her t-shirt soaked in blood and major cuts all over her face and neck (see photo on website). I asked her whether she wanted us to take her to the hospital for immediate medical attention, but she refused. We started praying for her and many demonic spirits started leaving as she surrendered her life to Jesus. As she accepted Jesus as her personal Lord and Saviour, all hell broke loose in the room where we were praying for her. I needed 4 men and one lady to hold her down as many demonic spirits were manifesting very violently.

As I commanded the demonic spirits in the name of Jesus, they confessed of a physical address where many children were held for satanic ritualistic abuse. At this point the young woman

confirmed that many young children were physically and sexually abused on Halloween. Up to 8 children from the age of 6-14 were tied on crosses and burned with a blowtorch. At this point I told my ministry team to continue praying for her as I left the room to call 000 and gave them all the information. To my surprise when I spoke to the police, they told me that they were sending a unit immediately to the address in Dandenong Mountains and a second unit to the CTFM base in Hallam. When the police arrived, the young woman just cracked it with them, although they came to escort her to the hospital for the urgent medical attention that she needed. As she violently protested with the police, they handcuffed her and took her to hospital. This young woman was furious with me for calling the police, although it was all for her own good and safety.

I went back into the prayer room with my ministry team and started crying, as I felt that I had let her down. However, the other team members encouraged me that it was my duty to do what I did due to the seriousness of this issue. For a moment I thought that I would possibly never see her again, but praise God that this young woman has been in constant touch with us and has experienced around 10 sessions of powerful deliverance over the past 4 months.

Over my 20 plus years of serving the Lord in many nations across the world, I have cast out many demonic spirits from many people, but I have never ever dealt with any one so demon possessed. She told us that one of her ancestors was an infamous worldwide satanic leader and had personally prophesied over her that she would become one of the main satanic cult leaders in this generation. On several occasions over the last few months, the satanic cult has abducted her and tortured her very badly. On other occasions the many different personalities in this young woman, controlled by many different demonic spirits, have caused harm to her own body.

I personally have received many threats through emails and text messages. Jason helped me to compile a file with all the information and we hand it over to the police. Unfortunately, I have not heard anything further from them at all.

I once read a testimony of a former high priestess in Satanism who said that when a child is small and dedicated to the cult by the parents, the child is shown a book with pictures of Jesus. Then a member of the cult dresses up like Jesus and severely abuses the child to the point that the child starts to hate Jesus, as Satan knows that Jesus is the only way out of darkness into light, from death to life, from the kingdom of hell to the Kingdom of Heaven. So the satanic cult brainwashes and programs the child to grow up hating Jesus.

This young woman told us that she was dedicated to the satanic cult when she was only six years old. At this ceremony she was sexually and physically abused terribly and there were some people who looked like police officers who were part of the abusers. Therefore she has grown up to not trust the police and to actually hate them.

As I was prayerfully seeking the Lord for insight, He showed me that the people who abused her were not real police, but actually members of the satanic cult dressed in police uniforms in impersonation, so that these children grow up hating the real police and will therefore not go to them with any complaints throughout the course of their lives. I have heard that there are people in high places of social influence and authority who are involved with these satanic cults, but I have not personally found any proof and am unable to make a judgment.

One morning at 6.30am I had a call from this young woman who said, "Pastor, I spent the night in the car park at Catch the Fire in Hallam." I was a bit surprised and worried. She said the satanic cult was coming to get her the night before. She said that she had a prompting in her heart that the

CTFM car park is a safe place, so she drove her car there and locked herself in the car while listening to Christian music all through the night.

She said, "Suddenly, I saw the satanic cult members come and park their car outside the car park on the road in front of the church. I could not believe what happened next. I actually thought 'I am gone' and they will get me now. But Pastor I was shocked, as they tried to walk into the car park, they could not enter. It seemed like a big wall was blocking them. They tried for 4 hours and then left at daybreak."

Well, glory to God our car park does not have a physical fence or gate. This had to be God's supernatural protection in the Holy Spirit. What a mighty God we serve.

I just recently received a text message from this young woman asking us to pray for her and for some of the children who have escaped the satanic cult and are hiding at her place, especially during this time as the upcoming Easter season is a very high activity time for the satanic cults. On Good Friday they carry out satanic rituals. This young woman is very worried that she and the children might be targeted. Please fast and pray that the devil's plans will be brought to nothing as our Most High God arises to scatter His enemies. Please pray that this young woman and the children with her will be safe.

All I can say is that we the Church, as Bible-practicing and God-fearing Christians, need to wake up to reality that there is a real world out there and people are crying out for help. I have heard many Christians say that once you are born-again, you cannot have demonic spirits still in your body. Well, this is not the truth as I and many others have come across many born-again Christians, who still need much deliverance from demonic spirits in their body.

Before I met this young woman, she went to a very large well known Pentecostal church, and the Senior Pastor told her to stop coming to his church as she must not be meant to become a Christian. I was absolutely shocked as there is no one beyond the redeeming blood, power, and victory of the Cross of Jesus.

We need to get back on our knees and cry out for the Lord Jesus to baptise us afresh with His Holy Ghost Fire so we will rise up in His Victory over the flesh, the world, and the devil. Unfortunately, we take the easy way out and have stopped casting out demonic spirits and praying for the sick to be healed in the mighty name of Jesus, while satan and his demonic hordes are having a good laugh at us. (Mark 16: 15-18)

This young woman also told us that some churches are good recruiting grounds for members to join the satanic cults. She also said that some Pastors attend their rituals. In fact I got many emails from members of the satanic cult, such as "We know that you too will soon bow down to us just like the rest of the church in Melbourne, so why don't you join us. We can help you get real power."

I responded to them by email and said, "Jesus died and rose again. He conquered death, hell and the grave. Satan, you were defeated 2000 years ago. Let me tell you that I come in the name of Jesus, so you better get ready to bow down to Jesus the King of kings and the Lord of lords." I have had many email exchanges with satanic cult members and thank God for the amazing opportunities He has given me to share the love of Jesus with boldness and guts. I praise the Lord of the harvest that many witches, warlocks, satanists, etc. are regularly checking CTFM website and even posting many of our emails on their websites. All Glory to God as Jesus loves every single one of them, dying and rising from the dead, to save everyone who believes in their heart and confesses with their mouth that Jesus is Lord.

Both former satanists who came to the Lord Jesus Christ in the last few months said, "We were made to believe when we were in the cult that satan had more power than Jesus, because Christians had never challenged us before. In fact they were scared of us, but now we know that Jesus is definitely more powerful than satan."

There is so much more that this young woman has confessed to us over the last 4 months and at least 55 minutes of it is recorded on DVD. Unfortunately, due to the sensitivity, confidentiality, and safety of this young woman, I cannot share with you all the information. Please pray that God will give us the wisdom as to what to do next, as there is much more to be done to see this young woman completely set free.

I pray that this issue will get exposed and that the Australian Government will investigate and crackdown on these satanic cults, like what is currently happening with the Church of Scientology.

Keep fighting the good fight of faith,

Pr Daniel Nalliah
